## 2020 Tax Rate Calculation Worksheet

NEWTON COUNTY - General Fund 113 E. Court St., Newton, TX 75966 (409) 379-4241

www.co.newton.tx.us & www.newtontax.org

#### No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

| Beckeration of the Control of the Co |   |                  |
|--|---|------------------|
| 1.   | 2019 total taxable value. Enter the amount of 2019 taxable value on the 2019 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (will deduct taxes in Line 17). <sup>1</sup> | \$1,195,231,682  |
| 2,   | 2019 tax cellings. Counties, Cities and Junior College Districts. Enter 2019 total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other units enter "0" If your taxing units adopted the tax ceiling provision in 2019 or prior year for homeowners age 65 or older or disabled, use this step. <sup>2</sup>  | \$71,037,145     |
| 3.   | Preliminary 2019 adjusted taxable value. Subtract line 2 from line 1.   | \$1,124,194,537  |
| 4.   | 2019 total adopted tax rate.  | \$0.461976/\$100 |
| 5.   | 2019 taxable value lost because court appeals of ARB decisions reduced 2019 appraised value.  A. Original 2019 ARB values:  B. 2019 values resulting from final court decisions:  - \$0  C. 2019 value loss. Subtract B from A.3  | \$0              |
| 6.   | 2019 taxable value subject to an appeal under Chapter 42, as of July 25. A. 2019 ARB certified value:  B. 2019 dispuated value:  C. 2019 undisputed value. Subtract B from A. <sup>4</sup>  | \$0              |

#### **Voter-Approval Tax Rate**

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

| 28. | 2019 M&O tax rate. Enter the 2019 M&O tax rate.  | \$0.461976/\$100 |
|-----|--|------------------|
| 29. | 2019 taxable value, adjusted for actual and potential court-ordered adjustments. Enter the amount in line 8 of the No-New-Revenue Tax Rate Worksheet.  | \$1,124,194,537  |
| 30. | Total 2019 M&O levy. Multiply line 28 by line 29 and divide by \$100.  |                  |
|     | Adjusted 2019 levy for calculating NNR M&O taxes. Add line 31E to line 30.  A. 2019 sales tax specifically to reduce property taxes. For cities, counties and hospital districts, enter the amount of additional sales tax collected and spent on M&O expenses in 2019, if any.  Other taxing units, enter 0. Counties must exclude any amount that was spent for economic development grants from the amount of sales tax spent.  B. M&O taxes refunded for years preceding tax year 2019: Enter the amount of M&O taxes refunded in the preceding year for taxes before that year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for tax year 2019.  This line applies only to tax years preceding tax year 2019.  C. 2019 taxes in TIF.: Enter the amount of taxes paid into the tax increment fund for a reinvestment zone as agreed by the taxing unit. If the taxing unit has no 2019 captured appraised value in Line 18D, enter 0. | \$5,193,508      |

### Voter-Approval Tax Rate (continued)

| 31.<br>(cont.) | D. 2019 transferred function.: If discontinuing all of a department, function or activity and transferring it to another taxing unit by written contract, enter the amount spent by the taxing unit discontinuing the function in the 12 months preceding the month of this calculation. If the taxing unit did not operate this function for this 12-month period, use the amount spent in the last full fiscal year in which the taxing unit operated the function. The taxing unit discontinuing the function will subtract this amount in E below. The taxing unit receiving   |                                |
|----------------|--|--------------------------------|
|                | the function will add this amount in E below. Other taxing units enter 0. +/- \$0  E. 2019 M&O levy adjustments.: Add A and B, then subtract C. For taxing unit with D, subtract if discontinuing function and add if receiving function. \$4,126  | <b>\$5.107.694</b>             |
| 32.            | Adjusted 2020 taxable value.  Enter the amount in line 25 of the No-New-Revenue Tax Rate Worksheet.  | \$5,197,634<br>\$1,260,361,296 |

| 39. | 2020 voter-approval M&O rate. Enter the rate as calculated by the appropriate scenario below.  Special Taxing Unit. If the taxing unit qualifies as a special taxing unit, multiply line 38 by 1.08.  Other Taxing Unit. If the taxing unit does not qualify as a special taxing unit, multiply Line 38 by 1.035  Taxing unit affected by disaster declaration. If the taxing unit is located in an area declared as disaster area, the governing body may direct the person calculating the voter-approval rate to calculate in the manner provided for a special taxing unit. The taxing unit shall continue to calculate the voter-approval rate in this manner until the earlier of 1) the second year in which total taxable value on the certified appraisal roll exceeds the total taxable value of the tax year in which the disaster occurred, and 2) the third tax year after the tax year in which the disaster occurred. If the taxing unit qualifies under this scenario, multiply line 38 by 1.08. 27 | \$0.445383/\$100 |

26 Tex. Tax Code § 26.0443 27 Tex. Tax Code § 26.04(c-1)

### Voter-Approval Tax Rate (concluded)

| 40. Total 2020 debt to be paid with property taxes and additional sales tax revenue. Debt means the interest and principal that will be paid on debts that:  (1) are paid by property taxes, (2) are secured by property taxes, (3) are scheduled for payment over a period longer than one year, and (4) are not clessified in the taxing unit's budget as M&O expenses.  A: Debt also includes contractual payments to other taxing units that have incurred debts on behalf of this taxing unit, if those debts on behalf or conditions above. Include only amounts that will be paid from property tax revenue. Do not include appraisal district budget payments.  Enter debt amount.  B: Subtract unencumbered fund amount used to reduce total debt.  C: Subtract defet (enter zero if none).  D: Subtract defet (enter zero if none).  Signature debt (enter zero if none).  Signature debt (enter zero if none).  C: Subtract debt. Subtract B, C and D from A.  41. Certified 2019 excess debt collections. Enter the amount certified by the collector. 28  42. Adjusted 2020 debt. Subtract line 41 from line 40E.  43. 2020 anticipated collection rate. If the anticipated rate in A is lower than actual rates in B, C or D, enter the lowest rate from B, C or D. If the anticipated rate in A is higher than at least one of the rates in the prior three years, enter the rate from A. Note that the rate can be greater than 100%, 29  A. ## NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue. This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

## Voter-Approval Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

## Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years. <sup>39</sup> In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

For each tax year before 2020, the difference between the adopted tax rate and voter-approval rate is considered zero, therefore the unused increment rate for 2020 is zero. <sup>40</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.  $^{41}$ 

|     | <b>2019 unused increment rate.</b> Subtract the 2019 actual tax rate and the 2019 unused increment rate from the 2019 voter-approval tax rate. If the number is less than zero, enter zero. If the year is prior to 2020, enter zero.                            | \$0/\$100        |
|-----|--|------------------|

#### De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit. 42

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit. 43

## 2020 Tax Rate Calculation Worksheet

NEWTON COUNTY - Road & Bridge Fund 113 E. Court St., Newton, TX 75966 (409) 379-4241

www.co.newton.tx.us & www.newtontax.org

#### No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

| 1               | tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (will deduct taxes in Line 17).  | \$1,195,231,682     |
|-----------------|--|---------------------|
| 2               | . 2019 tax ceilings. Counties, Cities and Junior College Districts. Enter 2019 total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other units enter "0" If your taxing units adopted the tax ceiling provision in 2019 or prior year for homeowners age 65 or older or disabled, use this step. <sup>2</sup>   | \$71,037,145        |
| 3               | Preliminary 2019 adjusted taxable value. Subtract line 2 from line 1.  | \$1,124,194,537     |

#### Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

| 28. | 2019 M&O tax rate. Enter the 2019 M&O tax rate.   | \$0.120988/\$100 |
|-----|---|------------------|
| 29. | 2019 taxable value, adjusted for actual and potential court-ordered adjustments. Enter the amount in line 8 of the No-New-Revenue Tax Rate Worksheet.   | \$1,124,194,537  |
| 30. | Total 2019 M&O levy. Multiply line 28 by line 29 and divide by \$100.   |                  |
| 1   | Adjusted 2019 levy for calculating NNR M&O taxes. Add line 31E to line 30.  A. 2019 sales tax specifically to reduce property taxes. For citles, counties and hospital districts, enter the amount of additional sales tax collected and spent on M&O expenses in 2019, if any.  Other taxing units, enter 0. Counties must exclude any amount that was spent for economic development grants from the amount of sales tax spent.  \$0  B. M&O taxes refunded for years preceding tax year 2019: Enter the amount of M&O taxes refunded in the preceding year for taxes before that year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for tax year 2019.  This line applies only to tax years preceding tax year 2019.  C. 2019 taxes in TIF.: Enter the amount of taxes paid into the tax increment fund for a reinvestment zone as agreed by the taxing unit. If the taxing unit has no 2019 captured appraised value in Line 18D, enter 0. | \$1,360,140      |

### Voter-Approval Tax Rate (continued)

| 31.<br>(cont.)  | D. 2019 transferred function.: If discontinuing all of a department, function or activity and transferring it to another taxing unit by written contract, enter the amount spent by the taxing unit discontinuing the function in the 12 months preceding the month of this calculation. If the taxing unit did not operate this function for this 12-month period, use the amount spent in the last full fiscal year in which the taxing unit operated the function. The taxing unit discontinuing the function will subtract this amount in E below. The taxing unit receiving the function will add this amount in E below.  Other taxing units enter 0.  E. 2019 M&O levy adjustments.: Add A and B, then subtract C. For taxing unit with D, subtract if discontinuing function and add if receiving function.  \$4,126  | \$1,364,266      |

## $NNR\ Tax\ Rate$ and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue. This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Voter-Approval Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

### Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years. <sup>39</sup> In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

For each tax year before 2020, the difference between the adopted tax rate and voter-approval rate is considered zero, therefore the unused increment rate for 2020 is zero. <sup>40</sup>

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.  $^{41}$ 

|     | 2019 unused increment rate. Subtract the 2019 actual tax rate and the 2019 unused increment rate from the 2019 voter-approval tax rate. If the number is less than zero, enter zero. If the year is prior to 2020, enter zero.  | \$0/\$100        |

## 2020 Tax Rate Calculation Worksheet

NEWTON COUNTY - Farm to Market Flood Control Fund 113 E. Court St., Newton, TX 75966 (409) 379-4241

www.co.newton.tx.us & www.newtontax.org

#### No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

| Tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. #### Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- 1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- 2. **Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

| 28. | 2019 M&O tax rate. Enter the 2019 M&O tax rate.   | \$0.074775/\$100 |
|-----|---|------------------|

## $\overline{NNR}$ Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue. This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Voter-Approval Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

|     | Certified expenses from the Texas Commission on Environmental Quality (TCEQ). Enter the amount certified in the determination letter from TCEQ. <sup>37</sup> The taxing unit shall provide its tax assessor-collector with a copy of the letter. <sup>38</sup> | \$0              |
